

MEET AND BEFRIEND YOUR INNER COMMITTEE

SELF DISCOVERY AND EMPOWERMENT THROUGH THE LENS OF ASTROLOGY
WITH LINDA BYRD

Suitable for non-astrologers, beginners, intermediates and above
*An ideal opportunity to learn about yourselves, spouses, partners,
friends, co-workers, etc. by doing this together.*

Through this experiential process you will discover and integrate the unconscious, yet key, parts of yourself.

We are in a time of unparalleled change. Old ways aren't working, and feeling afraid and "out-of-control" is the new norm. Relationships are up for evaluation, but if we don't know and accept ourselves, how can we fully accept another? Astrology provides a key to your unconscious and gives you a tool to proactively use the energies of change for your highest good. This workshop is an easy introduction to astrology and a golden opportunity for profound personal growth. What we will cover:

- 1) Astrology Basics: Where your inner committee is sitting at your conference table - Elements and Qualities
- 2) Moon and Ascendant: Your emotional security needs and your public persona - conditioned patterns
- 3) Sun and Mercury: Your essence and how you think and communicate
- 4) Venus and Mars: Your Feminine and Masculine - how you love and unconsciously go about getting what you want

"I would strongly recommend Linda's class/workshop. Her approach is an individual as well as a group effort to better understand each Natal planet on a personal level. As we went around the circle of Virgo Moons, it was as if a mirror was reflecting back to me my own experience." *Shirley Nakano*

"Your class brings me joy and happiness. It helps me to feel connected to others, which is such a blessing for me." *Elizabeth Yeatts*
